

## Register to Become a Remote Online Notary in Oklahoma

As of January 1, 2020, Oklahoma Notaries may register to perform remote online notarizations (RONs). Oklahoma residents interested in becoming an online Notary must complete the process below:

1. Hold an existing commission as a traditional Notary Public.
2. Choose the RON technology vendor you plan to use.
3. File a [Remote Online Notarization Application](#). Include specific information about the RON platform you selected.
4. Pay the \$25 fee via the OK Secretary of State website.
5. Receive written authorization from the Secretary of State to perform remote notarizations.
6. Purchase a Notary eStamp at: <https://www.nationalnotary.org/electronic-notary-seal>
7. Capture a picture of your notarial certificate and email that to yourself and save. You will upload that image along with your stamp image during the registration process with Secured Signing.
